# About America SCORES Seattle

Each year, America SCORES Seattle hosts a city-wide soccer tournament for corporate and independent teams looking to play soccer for a great cause, participate in invaluable team building, and make a difference in their communities. All funds support America SCORES programming to enable 200 underserved youth to lead healthy lives, be engaged students, and have the confidence and character to make a difference in the world.

SCORES is working in Title 1 public schools across the country to fight childhood illiteracy and obesity that are afflicting more than 15 million children. They do so by using a rather interesting tool: soccer. By organizing soccer teams in public schools with little resources, they motivate at-risk children to work together to achieve health and academic goals. Additionally, America SCORES promotes community involvement through service-learning. Each year, SCORES teams design, plan, and implement volunteer service projects for the benefit of their communities.
